Return Service Requested

Welcome

Please join us for our annual CRC Basketball Clinic on Sunday, September 30, 2012, at Wheeling Jesuit University in Wheeling, WV. In addition to providing basketball coaching instruction at the highest level, the goal of our clinic is to help fund our undergraduate prostate cancer research program. Following completion of their education at Jesuit, our graduates have matriculated to medical school, dental school and multiple graduate programs to include biomedical engineering and medical physics.

We have assembled an outstanding faculty to address coaching philosophy, practice organization, player development and offensive and defensive schemes.

We encourage you, your staff and feeder schools to attend as a group. This is a marvelous way to kick off your season and help develop camaraderie within your program. In order to facilitate this, we are offering special rates for groups.

We are grateful for the support of our sponsors to include Championship Productions who will be filming and distributing this year's clinic, The Scoring Factory, HoneyBaked Ham and Café and our parent institutions, Urologic Research Institute at Wheeling Hospital and Wheeling Jesuit University.

We look forward to seeing you and your staff at the clinic.

Sincerely,

Doc Merrick
Danny Sancomb
